2ND EMEL AND DICE CONFERENCE

Dear friends and colleagues,

Welcome to this unique event in the MENA region, combining efforts of the Emirates Endometriosis League (EMEL), with the Dubai International Center for Endoscopy at Latifa Hospital.

This event will shape a domain of interest in different aspects of endometriosis as well as bringing the latest updates in the field of Gynecological endoscopic surgery at its best.

Besides theoretical lectures presented by world-renowned speakers in the field of endometriosis care and Minimally Invasive Gynecological Surgery, this event will provide several sessions of panel discussions and practical workshops on different aspects of endometriosis management and endoscopic surgical skills.

Add to that, there will be live surgery transmissions of endometriosis-related cases as well other benign Gynecological conditions. This will follow by interactive discussions between the audience and the surgeons.

I want to invite you to this first of its kind event in the U.A.E. and region, to be able to participate with world class experts in shaping endometriosis care and state-of-art endoscopic surgery and bringing its benefits into your patient-practice and regional health care.

Welcome to Dubai, welcome to the 2nd EMEL and DICE Conference 2016!
