

Day 1.
January 17, 2017. Tuesday
Big Hall

| | |
|-------------------------|---|
| 9.00 | <i>Opening of the XI International Congress on Reproductive Medicine</i> |
| Chairmen | <i>T.V. Yakovleva, E.N. Baybarina, G.T. Sukhikh, L.V. Adamyan, E.K. Aylamazyan, L.A. Ashrafyan, V.I. Krasnopolskiy, M.A. Kurtser, G.M. Savelyeva, V.N. Serov, I.S. Sidorova, A.N. Strizhakov, J. Deprest, A. Genazzani, H. Lawrence, F. Chervenak</i> |
| Keynote lectures | <i>Urgent issues of gynecology, obstetrics and perinatology</i> |
| 10.00 | Practice guideline development by ACOG in the USA <i>H. Lawrence, Washington, USA</i> |
| 10.20 | Fetal surgery – problems and progress <i>J. Deprest, Leuven, Belgium</i> |
| 10.40 | How to manage ethical challenges in cesarean delivery <i>F. Chervenak, New York, USA</i> |
| 11.00 | Menopause: HRT and cardiovascular protection <i>A. Genazzani, Pisa, Italy</i> |
| Plenary session | <i>Ageing couple health day</i> |
| Chairmen | <i>G.T. Sukhikh, L.V. Adamyan, G.A. Melnichenko, V.N. Prilepskaya, D.Yu. Pushkar, J.-P. Deslipere, E. Boschitsch, P. Piette, G. Soderqvist, M. Zitzmann</i> |
| 11.20 | Provision of health and high social activity of the Russia`s population aged over 40 - a national priority <i>State Duma Representative</i> |
| 11.35 | Principal objectives of medical care for women over 40 <i>L.V. Adamyan, T.V. Kaznacheyeva, Moscow, Russia</i> |
| 11.50 | Major goals of medical care for men over 40 <i>D.Yu. Pushkar, Moscow, Russia</i> |
| 12.05 | Pathogenetic mechanisms of ageing <i>G.T. Sukhikh, Moscow, Russia</i> |
| 12.25 | The role of sex steroids deficiency in the pathogenesis of systemic age-related disorders <i>G.A. Melnichenko, Moscow, Russia</i> |
| 12.40 | Climacteric syndrome. New possibilities of menopausal therapy <i>V.N. Prilepskaya, Moscow, Russia</i> |
| 12.55-14.00 | Break. Press-conference |
| 14.00 | Modern diagnosis and correction of age-related hormonal abnormalities in the optimization program of their functional reserve <i>N.P. Goncharov, Moscow, Russia</i> |
| 14.20 | Sex steroid deficiency and brain functions <i>N.N. Stenyaeva, Moscow, Russia</i> |
| 14.35 | Testosterone deficiency and comorbid urologic disorders in men <i>M.I. Kogan, Rostov-on-Don, Russia</i> |
| 14.50 | Menopausal hormonal therapy and social activity of women over 40. IMS recommendations 2016 <i>E. Boschitsch, Vienna, Austria</i> |
| 15.10 | The role of progestogen component of MHT in enhancing social engagement of middle-aged women <i>S.V. Yureneva, Moscow, Russia</i> |

| | |
|-------|---|
| 15.25 | Testosterone deficiency, TRT and ageing male <i>J.-P. Deslipere, Gent, Belgium</i> |
| 15.45 | Menopausal hormonal therapy: different formulations – different risks <i>P. Piette, Brussels, Belgium</i> |
| 16.05 | MHT and breast cancer. Real and imaginary risks <i>G. Soderqvist, Stockholm, Sweden</i> |
| 16.25 | 20 - years experience in TRT. Risks reevaluation <i>M. Zitzmann, Munster, Germany</i> |
| 16.45 | Modern trends of aesthetic gynecology <i>I.A. Apolikhina, E.A. Gorbunova, A.S. Saidova, Moscow, Russia</i> |
| 17.00 | Chronic prostatitis – a new paradigm of treatment <i>V.A. Bozhedomov, Moscow, Russia</i> |
| 17.15 | Vulvar leukoplakia in menopausal women. Practical solutions <i>E.L. Boyko, A.I. Malyshkina, Ivanovo, Russia</i> |
| 17.30 | Clinical outcomes of microsurgical sperm extraction in men with nonobstructive azoospermia <i>E.A. Efremov, Ya.I. Melnik, E.V. Kasatonova, V.V. Zaletova, G.Zh. Mskhalaya, Moscow, Russia</i> |
| 17.45 | Vaginal estriol and autoplasm injections (Plasmolifting) reduce symptoms of postmenopausal vulvovaginal atrophy <i>O.Ya. Leschenko, Irkutsk, Russia</i> |
| 18.00 | Linear shockwave therapy for erectile dysfunction <i>R.I. Ovchinnikov, S.I. Gamidov, A.Yu. Popova, S.Kh. Izhbayev, Moscow, Russia</i> |
| 18.15 | Discussion |

Small Hall

| | |
|-----------------|--|
| Workshop | <i>Prevention of malignant diseases in gynecology: new data</i> |
| Chairmen | <i>N.V. Artymuk, G.R. Bayramova, N.I. Briko, S.A. Levakov, I.B. Manukhin, L.V. Posiseyeva, S. Andersson, J. Keckstein, Ph. Koninckx, M. Mints, M. Friedman</i> |
| 13.30 | Risks of malignization of gynecologic diseases <i>M. Mints, Stockholm, Sweden</i> |
| 13.50 | Does endometriosis increase the risk of cancer? <i>Ph. Koninckx, Leuven, Belgium</i> |
| 14.10 | Endometriosis and cancer: scientific and clinical aspects <i>J. Keckstein, Villach, Austria</i> |
| 14.30 | Endometriosis and cancer risks <i>A.E. Protasova, Saint-Petersburg, Russia</i> |
| 14.45 | Ovarian endometriosis - oncologic aspects <i>S.A. Levakov, Moscow, Russia</i> |
| 15.00 | High-grade cervical intraepithelial neoplasia (CIN) during pregnancy: the state of the art <i>M. Friedman, Haifa, Israel</i> |
| 15.20 | Evaluation of self-collected vaginal samples combined with high-risk HPV testing as a diagnostic method in population-based screening and in a test-of-cure (ToC) setting <i>S. Andersson, Stockholm, Sweden</i> |
| 15.40 | Alternative cervical cancer screening: possibilities of self-collection of vaginal samples |

| | |
|--------------|---|
| | <i>N.V. Artyemuk, K.V. Marochko, Kemerovo, Russia</i> |
| 15.55 | HPV and cervical intraepithelial neoplasias: from diagnosis to management strategy <i>G.R. Bayramova, Moscow, Russia</i> |
| 16.10 | Papillomavirus infection in gynecology <i>S.I. Rogovskaya, Moscow, Russia</i> |
| 16.25 | HPV-associated diseases. Multifaceted problem of women`s and men`s health <i>G.N. Minkina, Moscow, Russia</i> |
| 16.40 | Global problem of papillomavirus infection. Current trends <i>N.I. Briko, P.D. Lopukhov, O.I. Trushina, A.D. Kaprin, Moscow, Russia</i> |
| 16.55 | HPV infection: possibilities of vaccination <i>M.A. Gomberg, Moscow, Russia</i> |
| 17.10 | Age aspects of cervical dysplasia: peculiarities of diagnosis, treatment and rehabilitation <i>L.V. Posiseyeva, I.P. Aminodova, Ivanovo, Russia</i> |
| 17.25 | Non-invasive diagnosis of cervical neoplasia by mass spectrometry <i>V.V. Chagovets, N.L. Starodubtseva, A.S. Kononikhin, A.E. Bugrova, M.D. Zardiashvili, M.E. Nekrasova, M.N. Nazarova, V.E. Frankevich, Moscow, Russia</i> |
| 17.40 | Innovative approaches to diagnosis and treatment of genital warts in females <i>G.F. Gasanova, Moscow, Russia</i> |
| 17.55 | The role and place of colposcopy in the prevention of cervical cancer <i>I.B. Manukhin, S.V. Firichenko, Moscow, Russia</i> |
| 18.10 | Discussion |

Day 2.

January 18, 2017. Wednesday

Big Hall

| | |
|-------------------------------|---|
| School 8.00 – 9.00 | Global trends in medical legal litigation <i>V. Senikas, Ottawa, Canada</i> |
| | <i>Experts` lectures</i> |
| Moderators | <i>G.T. Sukhikh, L.V. Adamyan, E.L. Yarotskaya</i> |
| 9.00 | Fortuitous morcellation of a uterine sarcoma: guilty or not guilty? <i>E. Leblanc, Lille, France</i> |
| 9.20 | Concepts and methodology of transvaginal draining of tubal-ovarian abscess under ultrasound guidance <i>A.N. Strizhakov, Moscow, Russia</i> |
| Plenary session | <i>Endometriosis and reproduction</i> |
| Chairmen | <i>L.V. Adamyan, I.Yu. Kogan, I.V. Kuznetsova, A.A. Stepanyan, M.I. Yarmolinskaya, A. Wattiez, Ph. Descamps, J. Keckstein, Y. Ota, A. Setúbal, A. Ussia</i> |
| 9.40 | Which surgery for endometriomas to preserve ovarian reserve? <i>Ph. Descamps, Angers, France</i> |
| 10.00 | Outcome on fertility in radical surgery for deep endometriosis <i>A. Wattiez, Strasbourg, France</i> |
| 10.20 | Symptom adapted treatment of deep infiltrating endometriosis in patient with infertility <i>J. Keckstein, Villach, Austria</i> |

| | |
|------------------------|---|
| 10.40 | Complications of deep endometriosis during ART or pregnancy <i>A. Setúbal, Lisbon, Portugal</i> |
| 11.00 | Endometriosis and infertility: surgery or ART? Fertility preservation in women with endometriosis <i>A. Ussia, Rome, Italy</i> |
| 11.20 | What is the best medication to prevent post-operative recurrence of endometrioma in the long term? <i>Y. Ota, Kurashiki, Japan</i> |
| 11.40 | Masks of endometriosis. Multidisciplinary approach <i>M.M. Sonova, A.A. Stepanyan, Moscow, Russia</i> |
| 11.50 | Peculiarities of preparation and implementation of IVF protocols in patients with genital endometriosis <i>I.Yu. Kogan, Saint-Petersburg, Russia</i> |
| 12.00 | Pathogenesis of reduced fertility due to endometriosis – complex issue in simple terms <i>M.I. Yarmolinskaya, Saint-Petersburg, Russia</i> |
| 12.10 | The art of preservation of ovarian reserve in reproductive-aged patients with endometriosis <i>I.V. Kuznetsova, Moscow, Russia</i> |
| 12.20 | Discussion |
| 12.30-13.00 | Break |
| | <i>Keynote lectures</i> |
| Moderators | <i>G.T. Sukhikh, L.V. Adamyan, E.L. Yarotskaya</i> |
| 13.00 | Signaling molecules: role and significance in mechanisms of implantation <i>E.K. Aylamazyan, I.M. Kvetnoy, Saint-Petersburg, Russia</i> |
| 13.20 | Current conclusions in the treatment of low responders <i>Z. Ben Rafael, Tel Aviv, Israel</i> |
| Plenary session | <i>Ways to improve pregnancy outcomes</i> |
| Chairmen | <i>M.A. Kurtser, I.S. Sidorova, A.D. Makatsariya, V.E. Radzinsky, A.G. Konoplyannikov, I.A. Salov, A.V. Samoylova, R.G. Shmakov, Z. Ben Rafael, D. Valsky, A. Vereczkey, G. C. Di Renzo, H. Lawrence, V. Senikas, S. Fishel, J. Sciarra</i> |
| 13.40 | Reducing maternal mortality <i>J. Sciarra, Chicago, USA</i> |
| 14.00 | Inpatient replacing technologies in obstetrics and gynecology. Modern advances <i>A.G. Konoplyannikov, Moscow, Russia</i> |
| 14.15 | The millennium development goals: evaluation of progress in reducing maternal mortality in the Republic of Moldova <i>Yu.V. Dondyuk, Kishinev, Moldova</i> |
| 14.25 | Great obstetrical syndromes <i>G. C. Di Renzo, Perugia, Italy</i> |
| 14.45 | Modern concepts of preeclampsia <i>I.S. Sidorova, N.A. Nikitina, Moscow, Russia</i> |
| 15.00 | Thrombotic microangiopathy and severe preeclampsia <i>A.D. Makatsariya, Moscow, Russia</i> |
| 15.15 | New trends in the management of labor <i>V. Senikas, Ottawa, Canada</i> |
| 15.35 | Obstetric aggression. Lessons of prevention <i>V.E. Radzinsky, Moscow, Russia</i> |

| | |
|--------------|--|
| 15.50 | Postpartum hemorrhage <i>H. Lawrence, Washington, USA</i> |
| 16.10 | Conservative surgery for placenta accreta <i>R.G. Shmakov, Moscow, Russia</i> |
| 16.20 | Annexin A5 M2 Haplotype as a unique biomarker for antithrombotic treatment to improve pregnancy outcome and reduce the chance of miscarriage <i>S. Fishel, London, Great Britain</i> |
| 16.40 | Prediction of preterm delivery: our experience <i>I.A. Salov, N.R. Yermakova, E.O. Bobrovnikova, E.Yu. Zhilnio, Saratov, Russia</i> |
| 16.50 | Modern possibilities of prediction and diagnosis of preterm labor <i>N.E. Kan, V.L. Tyutyunnik, A.E. Donnikov, Moscow, Russia</i> |
| 17.00 | Primary prevention of birth defects by folic acid containing multivitamin supplementation <i>A. Vereczkey, Budapest, Hungary</i> |
| 17.20 | New standards of imaging in fetal medicine <i>M.A. Kurtser, O.L. Malmberg, N.G. Panina, Moscow, Russia</i> |
| 17.35 | Feto-fetal transfusion syndrome: variants of development and prediction of pregnancy outcomes <i>E.S. Nekrasova, E.K. Aylamazyan, Saint-Petersburg, Russia</i> |
| 17.45 | Unique complications of monochorionic twins <i>D. Valsky, Jerusalem, Israel</i> |
| 18.05 | Discussion |

Small Hall

| | |
|----------------------------|---|
| 8.00-9.00 | Contest for young scientists |
| Jury | <i>L.V. Adamyan, I.I. Baranov, S.V. Pavlovich, E.L. Yarotskaya</i> |
| Free communications | Reproductive health and reproduction: scientific and practical aspects |
| Chairmen | <i>N.V. Bashmakova, N.V. Dolgushina, V.M. Zuyev, A.I. Ischenko, S.V. Nikitin, M.A. Shakhova</i> |
| 13.30 | Biomonitoring and reproductive health <i>N.V. Dolgushina, A.G. Syrkasheva, Moscow, Russia, E.V. Kazantseva, Chita, Russia</i> |
| 13.45 | Inflammatory diseases of the pelvic organs in women. Problems and possible solutions <i>A.L. Tikhomirov, Moscow, Russia</i> |
| 14.00 | Monitoring of ART efficiency – indicator of demographic investments <i>N.V. Bashmakova, Ekaterinburg, Russia</i> |
| 14.10 | Diagnosis and prediction of reproductive disorders, associated with genital tuberculosis in females <i>O.Ya. Leschenko, Irkutsk, Russia</i> |
| 14.20 | Is non-receptive endometrium always non-receptive? <i>S.V. Nikitin, V.V. Radionova, A.A. Feoktistov, Saint-Petersburg, Russia</i> |
| 14.35 | Complex preconception preparation of the endometrium in patients with infertility in ART programs <i>V.M. Zuyev, M.T. Aleksandrov, V.I. Kukushkin, E.A. Kalinina, T.A. Dzhibladze, Yu.I. Pimancheva, Moscow, Russia</i> |
| 14.50 | Efficiency of laparoscopic laser ovarian drilling for polycystic ovary syndrome in an ART program |

| | |
|--------------|---|
| | <i>A.I. Ischenko, E.S. Agadzhanian, A.A. Ischenko, Moscow, Russia</i> |
| 15.00 | The effectiveness of somatotropic hormone in IVF protocols for patients with “poor” response to stimulation <i>A.M. Gzgzyan, K.V. Ob`edkova, I.D. Fedorova, I.Yu. Kogan, Saint-Petersburg, Russia</i> |
| 15.10 | Estimation of hormonal and ovarian reserve parameters in patients of different age groups undergoing IVF programs <i>A.G. Burduli, Moscow, Russia</i> |
| 15.20 | Administration of corifollitropin alfa for patients over 40 years old <i>T.A. Gustovarova, D.A. Kuleshova, Smolensk, Russia</i> |
| 15.30 | Vitrification: commerce and efficiency <i>V.R. Aleksandrova, K.V. Krasnopolskaya, T.A. Nazarenko, Moscow, Russia</i> |
| 15.40 | Cryopreservation by vitrification – main principles, methods and equipment <i>I.I. Katkov, V.F. Bolyukh, G.T. Sukhikh, Moscow, Russia</i> |
| 15.50 | Legal aspects of surrogacy and donation in the RF <i>D.A. Shepeleva, Moscow, Russia</i> |
| 16.00 | Current approaches to prevention of reproductive losses <i>M.V. Kuligina, A.N. Malyshkina, Ivanovo, Russia</i> |
| 16.10 | Infertility associated with endometriosis: ESHRE recommendations <i>M.A. Shakhova, Moscow, Russia</i> |
| 16.25 | Preparation of patients with metabolic syndrome to IVF and pregnancy: current aspects of the problem <i>A.V. Tiselko, Saint-Petersburg, Russia</i> |
| 16.35 | Correction of hemostasis disorders in patients with repeated IVF failure <i>E.A. Korniyushina, Saint-Petersburg, Russia</i> |
| 16.45 | Prevention of congenital and hereditary pathology in ART programme by NGS (high throughput sequencing) method using Illumina technology <i>Zh.I. Glinkina, Moscow, Russia</i> |
| 16.55 | The role of carbohydrate status in embryonic development and methods of its correction <i>Yu.S. Vysochanskaya, Moscow, Russia</i> |
| 17.05 | Expression of kisspeptin and its receptor in the fetal organs of female reproductive system <i>V.O. Polyakova, Saint-Petersburg, Russia</i> |
| 17.15 | Role of “telocytes” in human reproduction <i>Yu.S. Krylova, Saint-Petersburg, Russia</i> |
| 17.25 | Discussion |

Day 3.

January 19, 2017. Thursday

Big Hall

| | |
|-----------------------------------|---|
| 8.00-9.00 School | Sexual medicine for gynecologists: key practical suggestions <i>A.Graziottin, Milan, Italy</i> <i>Expert`s lectures</i> |
| Moderators | <i>G.T. Sukhikh, L.V. Adamuan, E.L. Yarotskaya</i> |
| 9.00-9.40 | Endometrial receptivity and the outcomes with the ERA test. Stem cells in the treatment of Asherman syndrome <i>X. Santamaria Costa, Barcelona, Spain</i> |
| Plenary session | <i>Differentiated approach to the treatment of proliferative uterine diseases</i> |
| Chairmen | <i>V.F. Bezhenar, A.M. Torchinov, J. Donnez, J. Keckstein, M. Mints, I. Ota,</i> |

| | |
|---------------------|---|
| | <i>A. Setubal, H.-R. Tinneberg, J. Sciarra, A. Ebert</i> |
| 9.40 | The place of surgery in myoma management at the time of SPRM's <i>J. Donnez, Leuven, Belgium</i> |
| 10.00 | Adenomyosis: diagnostic and surgical treatment <i>A. Setubal, Lisbon, Portugal</i> |
| 10.20 | Medical treatment of symptomatic uterine fibroids with UPA: case reports <i>H.-R. Tinneberg, Giessen, Germany</i> |
| 10.40 | What is “silent adenomyosis”? Classification of adenomyosis by MRI image processing, pathology and the reproductive outcome <i>I. Ota, Kurashiki, Japan</i> |
| 11.00 | Technique of laparoscopic myomectomy in infertility – Why? When? How? <i>J. Keckstein, Villach, Austria</i> |
| 11.20 | Leiomyoma and leiomyosarcoma - how dangerous is the danger? <i>A. Ebert, Berlin, Germany</i> |
| 11.30 | Heavy menstrual bleeding: diagnosis and treatment <i>M. Mints, Stockholm, Sweden</i> |
| 11.50 | Hysterectomy and alternatives to hysterectomy <i>J. Sciarra, Chicago, USA</i> |
| 12.10 | The effectiveness of selective progesterone receptor modulators for the therapy of uterine fibroids <i>M.I. Yarmolinskaya, Saint-Petersburg, Russia</i> |
| 12.25 | Surgical approaches and necessity of postoperative hormone therapy in patients with endometriosis <i>V.F. Bezhenar, Saint-Petersburg, Russia</i> |
| 12.40 | Encouragement of patients` compliancy to effective treatment with GnRH analogues <i>V.M. Kuleshov, Novosibirsk, Russia</i> |
| 12.55-13.25 | Break |
| Chairmen | <i>S.A. Gasparyan, A.I. Malyshkina, I.F. Fatkullin, A.Z. Khashukoyeva</i> |
| 13.25 | What is necessary to explain to patient during administration of GnRH analogues? Accents for effective treatment <i>A.Z. Khashukoyeva, Moscow, Russia</i> |
| 13.40 | Medical therapy for associated proliferative uterine diseases <i>S.A. Gasparyan, Stavropol, Russia</i> |
| 13.55 | Regulation of apoptosis in fibroids in patients with large uterine leiomyoma, who received therapy with ulipristal acetate therapy in the preoperative period <i>S.N. Nagorny, A.I. Malyshkina, Ivanovo, Russia</i> |
| 14.10 | Reproductive function in patients after myomectomy. Is adjuvant therapy justified <i>I.F. Fatkullin, A.R. Bakanova, Kazan, Russia</i> |
| 14.25 | Adenomyosis – unsolved problems <i>M.V. Andreyeva, Volgograd, Russia</i> |
| 14.35 | Current pharmacological possibilities of complex therapy for myoma: early and late outcomes <i>Z.V. Revazova, L.V. Adamyan, T.A. Demura, A.V. Kozachenko, Moscow, Russia</i> |
| 14.45 | Preconception care for women with myoma <i>Yu.E. Andreyeva, Moscow, Russia</i> |
| 15.00 | The problems of modern antibiotic therapy in obstetrics and gynecology <i>E.Yu. Khalikova, Moscow, Russia</i> |
| 15.15 | Discussion |
| Master class | <i>Reproductive surgery. Direct surgery transmission from OR RC OG&P</i> |

| | |
|-----------------|---|
| Chairmen | <i>L.V. Adamyan, V.G. Breusenko, V.G. Vardanyan, S.I. Kiselev, J. Hamou, R. Campo</i> |
| 15.25 | Synechiaes and hysteroscopic operative approach <i>J. Hamou, Paris, France</i> |
| 15.45 | New technology opens a new era in hysteroscopic surgery <i>R. Campo, Leuven, Belgium</i> |
| 16.05 | Ovarian apoplexy and ovarian reserve <i>S.I. Kiselev, Moscow, Russia</i> |
| 16.15 | Multiplanar reconstruction and 3D CT-imaging of the vessels of small pelvis before and after UAE for myoma <i>K.D. Murvatov, I.S. Obelchak, Moscow, Russia</i> |
| 16.25 | Reconstructive and plastic surgery with the use of surgical energies in gynecology patients <i>V.G. Vardanyan, Moscow, Russia</i> |
| 16.35 | Myomectomy in women of reproductive age after ineffective UAE and FUS-MRI ablation <i>I.E. Porotikova, T.Yu. Gavrilova, T.A. Demura, A.A. Stepanyan, L.V. Adamyan, Moscow, Russia</i> |
| 16.45 | Surgical correction in patients with congenital uterine and vaginal anomalies associated with endometriosis <i>K.N. Farkhat, Z.N. Makiyan, A.A. Stepanyan, L.V. Adamyan, Moscow, Russia</i> |
| 16.55 | Dynamic contrast-enhanced magnetic resonance imaging as a tool for blood supply evaluation in patients with symmetric uterine anomalies <i>N.A. Miroshnikova, Z.N. Makiyan, L.V. Adamyan, V.G. Bychenko, A.V. Kozlova, Moscow, Russia</i> |
| 17.05 | Conservative treatment of adenomyosis in patients of reproductive age <i>K.M. Dzhamalutdinova, L.V. Adamyan, I.F. Kozachenko, Moscow, Russia</i> |
| 17.15 | Discussion |

Small Hall

| | |
|----------------------------|--|
| Free communications | <i>Obstetrics and perinatology: problems and solutions</i> |
| Chairmen | <i>E.N. Andreyeva, O.R. Bayev, I.V. Ignatko, O.G. Pekarev, V.A. Petrukhin, O.F. Serova, N.K. Tetrushvili</i> |
| 9.00 | Perinatal near miss: problems and possible solutions <i>I.V. Ignatko, Moscow, Russia</i> |
| 9.15 | Delivery in modern conditions <i>O.R. Bayev, Moscow, Russia</i> |
| 9.30 | Endocrinopathy: from preconception care to conception and miscarriage. Gynecologist's and endocrinologist's points of view <i>E.N. Andreyeva, Moscow, Russia</i> |
| 9.45 | Modern technologies for the treatment of habitual abortion <i>N.K. Tetrushvili, Moscow, Russia</i> |
| 10.00 | Preterm labor. Preeclampsia <i>Z.S. Khodzhayeva, Moscow, Russia</i> |
| 10.15 | Scientific justification of preeclampsia prediction system <i>N.A. Nikitina, I.S. Sidorova, Moscow, Russia</i> |
| 10.25 | Modern view on the use of tocolytic therapy in threatening premature birth <i>E.V. Zhukova, N.S. Trifonova, R. A. Chilova, A.I. Ischenko, D.A. Sychev, N.I. Borisova, Moscow, Russia</i> |
| 10.35 | The role of vitamin D for the immune response in pregnant women with miscarriage of infectious genesis |

| | |
|----------------------------|---|
| | <i>T.N. Savchenko, I.A. Dergacheva, Yu.O. Shapovalova, Moscow, Russia</i> |
| 10.45 | Dr. Schneiderman`s innovative model of obstetrical-gynecological pessary for the treatment of genital prolapse, stress urinary incontinence and isthmic-cervical insufficiency <i>M.G. Schneiderman, L.D. Saakyan, Moscow, Russia</i> |
| 10.55 | Preconceptional ultrasonographic evaluation of uterine scar <i>M.A. Chechneva, R.A. Barto, A.E. Panov, I.V. Klimova, Moscow, Russia</i> |
| 11.05 | The use of stem cells for improvement of myometrial scar repair <i>O.G. Pekarev, Moscow, Russia</i> |
| 11.15 | Morphofunctional features of placenta in multiple pregnancy after assisted reproductive technologies <i>V.M. Bolotskikh, Saint-Petersburg, Russia</i> |
| 11.25 | Peculiarities of gestation period and labor in patients after IVF with the use of oocytes donation <i>N.S. Trifonova, E.V. Zhukova, A.I. Ischenko, L.S. Aleksandrov, Moscow, Russia</i> |
| 11.35 | Individual risk calculation of fetal growth restriction (FGR) by combined screening during the 1st trimester of pregnancy <i>T.A. Yarygina, R.S. Bataeva, Moscow, Russia</i> |
| 11.45 | Possibilities of modern ultrasonography in diagnosis of CNS damages in fetus <i>S.M. Voevodin, Moscow, Russia</i> |
| 11.55 | Experience of fetal surgery in RC OG&P <i>K.V. Kostyukov, K.A. Gladkova, Moscow, Russia</i> |
| 12.05 | Fetal heart anatomy as morphological basis of neonatal intensive care for fetus and small preterm infants <i>D.N. Lyaschenko, Orenburg, Russia</i> |
| 12.15 | Fetal “survival strategy” in the adverse conditions of intrauterine development <i>E.O. Shkotova, Rostov-on-Don, Russia</i> |
| 12.25 | Cesarean section impact on morbidity of newborns and children: systematic review <i>O.A. Mynbayev, T.I. Babenko, M.Yu. Eliseyeva, M. Stark, Moscow, Russia</i> |
| 12.35 | Perinatal care in gestation with maternal diabetes <i>V.A. Petrukhin, F.F. Burumkulova, S.H. Lysenko, V.M. Gureva, T.S. Kovalenko, Moscow, Russia</i> |
| 12.50 | Break |
| Free communications | <i>Obstetrics and perinatology: problems and solutions</i> |
| Chairmen | <i>N.I. Klimenchenko, V.N. Kuzmin, E.S. Lyashko, I.G. Soldatova, V.M. Chernov</i> |
| 13.20 | Pregnancy associated with surgical pathology of reproductive organs <i>N.I. Klimenchenko, S.A. Martynov, L.V. Adamyan, Moscow, Russia</i> |
| 13.30 | Myomectomy in pregnancy: unknown about well-known <i>L.Yu. Karakhalis, G.A. Penzhoyan, T.A. Anikina, Krasnodar, Russia</i> |
| 13.40 | Pregnancy after organ transplantation <i>N.F. Kravchenko, Moscow, Russia</i> |
| 13.50 | Malignant brain tumors and pregnancy <i>K.N. Akhvlediani, L.S. Logutova, A.Yu. Lubnin, A.A. Travkina, Moscow, Russia</i> |
| 14.00 | Reproductive risks in women with epilepsy <i>G.V. Odintsova, Saint-Petersburg, Russia</i> |
| 14.10 | Reproductive possibilities in patients with cerebrovascular pathology <i>R.R. Arustamyan, E.S. Lyashko, O.V. Konysheva, V.N. Kuzmin, Moscow, Russia</i> |
| 14.20 | Modern evaluation of heart anatomy and function in pregnancy with the circulatory disorders |

| | |
|------------------------|--|
| | <i>D.A. Doroshenko, O.B. Lapochkina, E.S. Lyashko, O.V. Konyshcheva, A.A. Zubarev, Moscow, Russia</i> |
| 14.30 | Anemia in pregnancy <i>V.M. Chernov, Moscow, Russia</i> |
| 14.40 | Pregnancy with high risk of infection. Modern approaches to prevention and treatment <i>V.N. Kuzmin, Moscow, Russia</i> |
| 14.50 | Prenatal care for patients with hypercoagulation and thrombophilic disorders <i>L.A. Ozolinya, Yu.E. Dobrokhotova, Moscow, Russia</i> |
| 15.00 | Pregnancy in women with terminal chronic renal failure <i>L.L. Alekseyeva, B.B. Tudupova, A.V. Borgolov, R.M. Zhambalova, A.V. Angapova, O.B. Budasheyeva, N.V. Angadayeva, Ulan-Ude, Russia</i> |
| 15.10 | Prosthetic cardiac valves and pregnancy – problems and solutions <i>S.R. Mravyan, V.A. Petrukhin, V.P. Pronina, M.Yu. Mareyeva, Moscow, Russia</i> |
| 15.20 | Discussion |
| Discussion club | <i>Pediatric and adolescent gynecology: debatable issues</i> |
| Chairmen | <i>E.V. Sibirskaya, E.V. Uvarova</i> |
| 15.30 | Health conditions of girls in Moscow. Perspectives of reproductive health <i>E.V. Sibirskaya, I.E. Koltunov, L.V. Adamyan, Moscow, Russia</i> |
| 15.45 | Mistakes in diagnosis and treatment of adolescents with uterine and vaginal malformations <i>E.V. Uvarova, Moscow, Russia</i> |
| 16.00 | Neovagina creation by combination of colpoelongation and application of physical factors <i>D.A. Kruglyak, N.A. Buralkina, S.S. Lunkov, M.V. Ipatova, Moscow, Russia</i> |
| 16.10 | Comparative analysis of colpoelongation effectiveness with respect to genetic polymorphism, associated with hereditary disorders of connective tissue <i>G.R. Davtyan, E.V. Uvarova, A.E. Donnikov, D.Yu. Trofimov, Moscow, Russia</i> |
| 16.20 | Differentiated approach to the treatment of dysmenorrhea in girls <i>E.V. Uvarova, Moscow, Russia</i> |
| 16.35 | Discussion |
| Workshop | <i>Breast pathology in gynecologist`s practice</i> |
| Chairmen | <i>A.Kh. Gaydarova, V.V. Rodionov</i> |
| 16.45 | Modern trends in surgical management of breast cancer <i>V.V. Rodionov, Moscow, Russia</i> |
| 17.00 | Current aspects of the diagnosis of breast cancer: benefits and implications <i>Yu.P. Gaylish, Moscow, Russia</i> |
| 17.10 | New possibilities of spa rehabilitation after treatment for breast cancer <i>A.Kh. Gaydarova, Moscow, Russia</i> |
| 17.20 | Diabetic mastopathy: features of pathogenesis and diagnosis <i>E.V. Musina, I.Yu. Kogan, Saint-Petersburg, Russia</i> |
| 17.30 | Fibrosing adenosis of the breast – molecular markers of proliferative activity <i>Ya.V. Shapkin, Saint-Petersburg, Russia</i> |
| 17.40 | Discussion |
| 17.55 | <i>Meeting of head specialists in obstetrics and gynecology</i> |

Day 4.
January 20, 2017. Friday
Big Hall

| | |
|-----------------------------------|--|
| 8.00-9.00 School | Pregnancy - a window for future health of mother and child <i>B. Arabin, Marburg, Germany</i> |
| Plenary session | <i>Solutions for reproductive problems</i> |
| Chairmen | <i>M.A. Kurtser, A.S. Kalugina, K.V. Krasnopolskaya, V.Yu. Smolnikova, A. Gordon, J. Donnez, R. Liu, M. Poulain, S. Fishel, R. Frydman, H. Zhang</i> |
| 9.00 | More than ninety live births after ovarian tissue reimplantation <i>J. Donnez, Leuven, Belgium</i> |
| 9.20 | The use of next generation sequencing in reproductive genetic health <i>A. Gordon, London, Great Britain</i> |
| 9.40 | Time-lapse imaging improves live birth outcome – largest live birth study <i>S. Fishel, London, Great Britain</i> |
| 10.00 | Is IVF baby safe? <i>R. Frydman, Paris, France</i> |
| 10.20 | Quality control in an IVF lab <i>M. Poulain, Paris, France</i> |
| 10.40 | Data management in the center of reproductive medicine <i>R. Liu, Changchun, China</i> |
| 11.00 | Genetic counseling: chromosomal abnormality related reproductive medicine and infertility <i>H. Zhang, Changchun, China</i> |
| 11.20 | Oncofertility <i>M.A. Kurtser, Moscow, Russia</i> |
| 11.35 | Myoma and ART: the impact of myoma on fertility, results of conservative treatment <i>I.F. Kozachenko, Moscow, Russia</i> |
| 11.45 | Current trends of stimulation: rationality and sufficiency <i>K.V. Krasnopolskaya, V.M. Zdanovsky, T.A. Nazarenko, Moscow, Russia</i> |
| 11.55 | Endometriosis and ART <i>V.Yu. Smolnikova, E.A. Kalinina, I.F. Kozachenko, Moscow, Russia</i> |
| 12.05 | Ovarian tissue cryopreservation. Benefits and risks <i>A.S. Kalugina, Saint-Petersburg, Russia</i> |
| 12.15 | Traditional and alternative approaches to LPD correction <i>N.V. Artymuk, Kemerovo, Россия</i> |
| 12.25 | Discussion |
| 12.35-13.00 | Break |
| Plenary session | <i>Modern tendencies of development of gynecologic endocrinology</i> |
| Chairmen | <i>E.N. Andreyeva, V.N. Prilepskaya, A. Graziottin, R. Frydman</i> |
| 13.00 | PCO: what's new? <i>R. Frydman, Paris, France</i> |
| 13.20 | Perimenopausal use of 17-beta estradiol contraceptives. Testosterone for postmenopausal women <i>A. Graziottin, Milan, Italy</i> |
| 13.40 | Innovations in contraception <i>V.N. Prilepskaya, Moscow, Russia</i> |
| 13.55 | Treatment opportunities of prolonged hormonal contraception <i>E.N. Andreyeva, Moscow, Russia</i> |
| 14.10 | Gonadotropin-inhibitory hormone: clinical perspectives in gynecology |

| | |
|------------------------|---|
| | <i>V.N. Kasyan, Moscow, Russia</i> |
| 14.20 | Anti-ageing: recent advances <i>T.V. Kaznacheeva, Moscow, Russia</i> |
| 14.30 | Discussion |
| Plenary session | Endometriosis: unsettled issues |
| Chairmen | <i>S.A. Gasparyan, A.M. Gerasimov, Yu.E. Dobrokhotova, I.Yu. Kogan, Ph. Koninckx, W. Kupker, S. Mechsner, S. Renner, H.-R. Tinneberg</i> |
| 14.40 | Endometriosis and its complications <i>Ph. Koninckx, Leuven, Belgium</i> |
| 15.00 | Postmenopausal endometriosis and transition to cancer <i>W. Kupker, Buhl, Germany</i> |
| 15.20 | Exotic presentations of endometriosis <i>H.-R. Tinneberg, Giessen, Germany</i> |
| 15.40 | Management of endometriomas – comparing the guidelines <i>S. Renner, Erlangen, Germany</i> |
| 16.00 | The role of semaphorins in the disturbed innervation of peritoneal endometriotic lesions <i>S. Mechsner, Berlin, Germany</i> |
| 16.20 | Experience of aromatase inhibitors therapy in patients with endometriosis <i>A.S. Molotkov, Saint-Petersburg, Russia</i> |
| 16.30 | The plan of long-term treatment of patient with endometriosis – our potentials in 2017 <i>Yu.E. Dobrokhotova, Moscow, Russia</i> |
| 16.40 | Adhesion prevention in proliferative uterine diseases. Reasons and facts <i>V.V. Korennaya, Moscow, Russia</i> |
| 16.50 | Experience of treatment of infiltrating endometriosis confirmed by MRI with dienogest <i>A.M. Gerasimov, Ivanovo, Russia</i> |
| 17.00 | Endometriotic ovarian cysts: new approaches to diagnosis of disease recurrences <i>S.A. Gasparyan, Stavropol, Russia</i> |
| 17.10 | The use of gestagens in women with endometriosis during preconception <i>I.Yu. Kogan, Saint-Petersburg, Russia</i> |
| 17.20 | Modern approaches to the pathogenesis of endometriosis <i>S.V. Pavlovich, L.V. Krechetova, Moscow, Russia</i> |
| 17.30 | Correlation of the activation degree of intracellular signaling pathways in eutopic and ectopic endometrium <i>Ya.B. Aznaurova, A.V. Garazha, A.A. Buzdin, L.V. Adamyan, Moscow, Russia</i> |
| 17.40 | Lipid profile of eutopic and ectopic endometrium of different localization by direct mass spectrometry <i>A.V. Borisova, A.V. Kozachenko, V.E. Frankevich, N.L. Starodubtseva, V.V. Chagovets, D.F. Salimova, A.S. Kononikhin, E.A. Kogan, L.V. Adamyan, Moscow, Russia</i> |
| 17.50 | Mechanisms of pelvic pain in endometriosis <i>A.S. Ovakimyan, E.L. Yarotskaya, Moscow, Russia</i> |
| 18.00 | Discussion |
| 18.10 | Congress closing |

Small Hall

| | |
|---------------------------------|---|
| Keynote lecture 9.00 | Medicatal provision of treatment and rehabilitation in gynecology and obstetrics <i>L.V. Adamyan, Moscow, Russia</i> |
| Free communications | <i>Malignant tumors of reproductive system</i> |
| Chairmen | <i>L.A. Ashrafyan, K.I. Jordania, G.N. Khabas, G.E. Chernukha</i> |
| 9.20 | New ways to improve efficiency of tumors treatment <i>L.A. Ashrafyan, Moscow, Russia</i> |
| 9.35 | Pathogenesis features of ovarian cancer. The treatment of hereditary cancer <i>K.I. Jordania, Moscow, Russia</i> |
| 9.50 | Oncologic aspects of endometrial hyperplasia <i>S.A. Levakov, Moscow, Russia</i> |
| 10.05 | Hyperplastic processes of endometrium – new classification <i>G.E. Chernukha, A.V. Asaturova, Moscow, Russia</i> |
| 10.20 | Conservative treatment in gynecologic oncology <i>G.N. Khabas, D.L. Ovodenko, Moscow, Russia</i> |
| 10.35 | Rare mesenchymal uterine tumors <i>Yu.G. Payanidi, K.I. Jordania, Moscow, Russia</i> |
| 10.50 | Innovative methods of early diagnosis of serous ovarian cancer <i>A.V. Asaturova, Moscow, Russia</i> |
| 11.05 | Discussion |
| Free communications | <i>Reproductive surgery: ways of results optimization</i> |
| Chairmen | <i>A.Yu. Danilov, A.A. Ischenko, E.F. Kira, A.A. Popov, S.F. Torubarov, S.V. Shtyrov, D. Valsky</i> |
| 11.15 | Advantages of fast-track surgery in gynecology <i>S.F. Torubarov, Moscow, Russia</i> |
| 11.30 | The issues of fertility preservation in patients with urgent gynecologic pathology <i>S.V. Shtyrov, Moscow, Russia</i> |
| 11.45 | Ovarian torsion <i>D. Valsky, Jerusalem, Israel</i> |
| 12.05 | Laparoscopy in obesity <i>A.A. Popov, Moscow, Russia</i> |
| 12.20 | Robotic surgery and FUS-ablation in myoma treatment <i>E.F. Kira, Moscow, Russia</i> |
| 12.35-13.05 | Break |
| Chairmen | <i>I.A. Apolikhina, A.V. Kozachenko, E.V. Uvarova, V.D. Chuprynin</i> |
| 13.05 | Concept of surgical treatment of colorectal endometriosis <i>V.D. Chuprynin, M.V. Melnikov, L.V. Adamyan, Moscow, Russia</i> |
| 13.20 | Multidisciplinary approach to the treatment of extensive deep infiltrating endometriosis <i>M.V. Melnikov, V.D. Chuprynin, L.V. Adamyan, Moscow, Russia</i> |
| 13.35 | Infiltrating endometriosis: compliancy to physical therapy <i>T.B. Malanova, M.V. Ipatova, V.D. Chuprynin, V.V. Chursin, Moscow, Russia</i> |
| 13.50 | Laparoscopic surgery for ovarian tumor in pregnancy <i>S.A. Martynov, L.V. Adamyan, A.Yu. Danilov, Moscow, Russia</i> |
| 14.05 | Diagnosis and surgical correction of inconsistent uterine scar after caesarean section <i>A.S. Arakelyan, Moscow, Russia</i> |

| | |
|--------------|--|
| 14.20 | New possibilities of correction of vaginal anomalies associated with functional uterus <i>E.V. Uvarova, V.D. Chuprynin, N.A. Buralkina, N.Kh. Latypova, Yu.P. Grigorenko, Moscow, Russia</i> |
| 14.35 | Arteriovenous malformations in the clinic of operative gynecology <i>A.V. Kozachenko, D.M. Akinfiyev, Moscow, Russia</i> |
| 14.50 | Surgical correction and restoration of reproductive function in patients with Asherman syndrome <i>E.N. Popov, L.Kh. Dzhemlihanova, Saint-Petersburg, Russia</i> |
| 15.05 | Hysteroscopic adhesiolysis together with ultrasonic cavitation for the treatment of Asherman syndrome <i>O.A. Melkozerova, Ekaterinburg, Russia</i> |
| 15.20 | Morphological features of adhesion in reproductive-aged patients with myoma <i>L.M. Kondratovich, A.V. Kozachenko, L.V. Adamyan, Moscow, Russia</i> |
| 15.35 | Discussion |
